signatory declaration

We have a duty to act in the best long-term interests of our investors. In this role, we believe that environmental, social, and corporate governance (ESG) issues can affect the performance of investment portfolios.

We also recognise that applying these Principles may better align investors with broader objectives of society. Therefore, where consistent with our fiduciary responsibilities, we commit to the following:

- 1** To incorporate ESG issues into investment analysis and decision-making processes
- 2** To be an active owner and to incorporate ESG issues into our ownership policies and practices
- 3** To seek appropriate disclosure on ESG issues by the entities in which we invest
- 4** To promote acceptance and implementation of the Principles within the investment industry
- 5** To work with the PRI Secretariat and other signatories to enhance their effectiveness in implementing the Principles
- 6** To report on our activities and progress towards implementing the Principles
